Hello madam,

Your request to conduct a Faculty Development Program on "Dynamic Learning: Enhancing Education Through Animation"

on August 10th, 2024, from 10:30 AM to 1:00 PM has been approved by the Faculty and Enrichment Center

Please ensure that all faculty members attend the event without fail.

Submit the complete report, as per the provided template, on or before August 17th, 2024.

--
Warm regards

Dr. Praveen J

To,
Mr. Chetan I Naik,
VFX Artist,
Vistara Animations and cinematic VFX,
Davangere

Respected Sir,

Subject: "Requisition for Expertise on "Dynamic Learning: Enhancing Education through Animation"

I hope this message finds you well. My name is Soumya Y, Assistant Professor, Dept. of IS&E, with a keen interest in the intersection of education and animation. I am reaching out to you regarding an upcoming event on the topic of "Dynamic Learning: Enhancing Education through Animation," scheduled for August 10, 2024.

Given your extensive experience and expertise as a VFX Artist at Vistara Animations and Cinematic VFX, I believe your insights would be incredibly valuable to our discussion. We would be honored if you could share your knowledge and perspectives on how animation can be leveraged to enhance educational experiences.

Please let us know if you would be available to participate in this event. We are eager to collaborate with you and learn from your expertise.

Thank you for considering this request. I look forward to your positive response.

Yours' Sincerely,

(Soumya)

FASEC Coordinator

(Chetan)

Good afternoon everyone,

This is to inform all Deans, Directors and Heads that, the Department of Information Science and Engineering,

School of Computer Science and Technology (SCST), Faculty of Engineering Technology (FET),

under the Faculty and Staff Enrichment Center (FASEC), is conducting a Faculty Development Program on "Dynamic Learning: Enhancing Education Through Animation".

The program will be held on 10th August 2024, from 10:30 AM to 1:00 PM at the GM Hallamma Auditorium.

Kindly inform your faculty members about this event. Interested faculty members can register for the FDP by contacting the event coordinator, Mrs. Soumya Yattinahalli, at 9591803012.

The last date for registration is 9th August 2024, by 5:00 PM.

Resource Person : Mr. Chetan I Naik from Vistara Animation and Cinematic VFX

Faculty Development Program

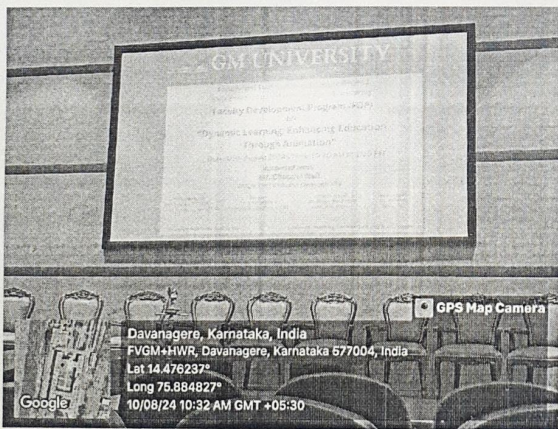

Report on

“Dynamic Learning: Enhancing Education Through Animation”

Conducted Date: 10/08/2024

Resource Person: Mr. Chetan I Naik, VFX Artist, Vistara Animations and Cinematic VFX, Davangere

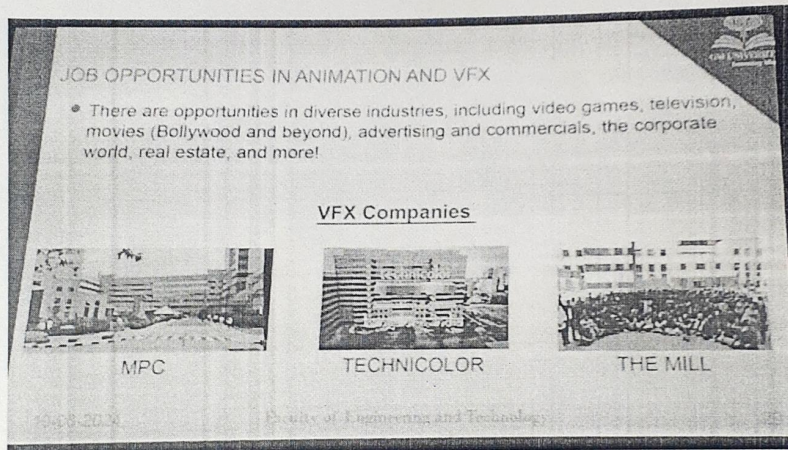

The Faculty Development Program on “Dynamic Learning: Enhancing Education Through Animation” aimed to explore the potential of animation as a tool to enhance educational practices, conducted on August 10, 2024, this program was led by Mr. Chetan I Naik, an esteemed VFX Artist with expertise in animation and cinematic effects. The Objectives of the Program is to understanding animation in education to provide faculty members with a comprehensive understanding of how animation can be used to improve teaching and learning processes, exploring practical applications: To demonstrate practical applications of animation in creating, engaging and interactive educational content., developing Skills to equip participants with skills to integrate animation into their own teaching practices effectively.

In today's rapidly evolving job market, students need to acquire skills that set them apart from the competition. Animation, as a dynamic learning tool, not only enhances educational experiences but also equips students with valuable skills that are increasingly sought after by employers. Animation involves the use of various software tools and techniques, which are directly applicable in industries such as media, entertainment, advertising, education, and more. By

Faculty and Staff Enrichment Center (FASEC)

learning animation, students gain proficiency in software like Adobe After Effects, Blender, and Maya, which are critical skills in the job market. These technical skills make students more attractive to employers in fields like graphic design, VFX, and digital media production. Students learn to conceptualize ideas and translate them into visual narratives, a skill that is highly valued in creative industries. Moreover, animation projects often involve problem-solving, as students must figure out how to effectively communicate complex ideas through visual means. These abilities are beneficial in a wide range of careers, from marketing to product design. By including various animation projects, students can demonstrate their technical abilities, creativity, and problem-solving skills to potential employers, making them more competitive in the job market.

Conclusion

The faculty development program provided valuable insights into the use of animation to enhance educational practices. Mr. Chetan I Naik's expertise and practical demonstrations equipped participants with a deeper understanding of how to leverage animation for dynamic learning experiences. The program helped the faculty to give a knowledge to their students about this particular field to get their full time job or also they can build their own company by learning these tools.

The session was well-received by attendees, who left with actionable knowledge and skills to integrate animation into their teaching strategies, ultimately aiming to enrich the educational experience for their students.
