Mangalagouri V B

Assistant Professor DS&IOT

Faculty

Faculty of Engineering and Technology

School / Program

Faculty of Engineering and Technology/

B.Tech. in Computer Science and Engineering

Faculty Introduction

I am **Mangalagouri V B** a dedicated Computer Science and Engineering educator with an **M.Tech from UBDT College of Engineering** and a **B.E. from Government Engineering College, Haveri**. My academic background is rooted in exploring the intersection of **privacy-preserving systems and advanced data analysis**. With **research experience in STAMP (Privacy Preserving Location Proofs) and Spatio-Temporal Local Binary Patterns for crowd density classification**, I bring a data-driven perspective to the classroom. I am particularly passionate about modern web technologies—including React and Bootstrap—and aim to bridge the gap between rigorous academic theory and current industry standards in software development.

Qualifications

MTech (CSE)

UBDT College of Engineering(2019).

BE (CSE)

Government Engineering College, Haveri.

Experience

IT

-I had worked in industry based on html, css, bootstrap,material ui, react, javascript

Research

-Paper Presented in an International Conference ICRASTEM on the topic called **Spatio-Temporal Local Binary Patterns for crowd density classification**
